

The top of the AI stack beat the bottom

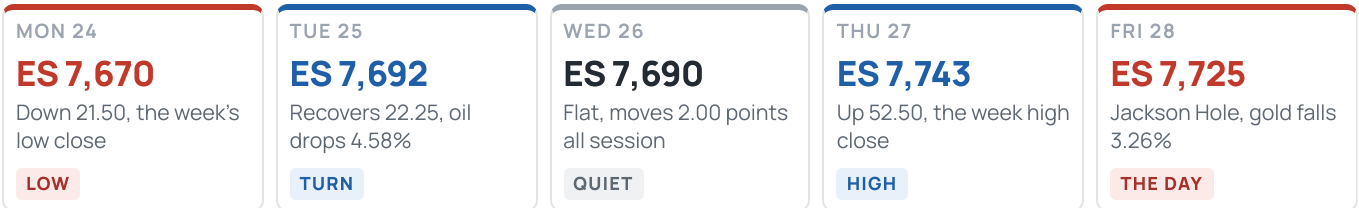

Only 3 of the 11 sectors closed green and the index still rose 0.48%. The five AI layers spread 7.16 points.

01 The week

Where the week finished, at the Friday August 28 close.

Three down sessions and two up. The S&P futures opened at 7,691 and settled at 7,724.75.

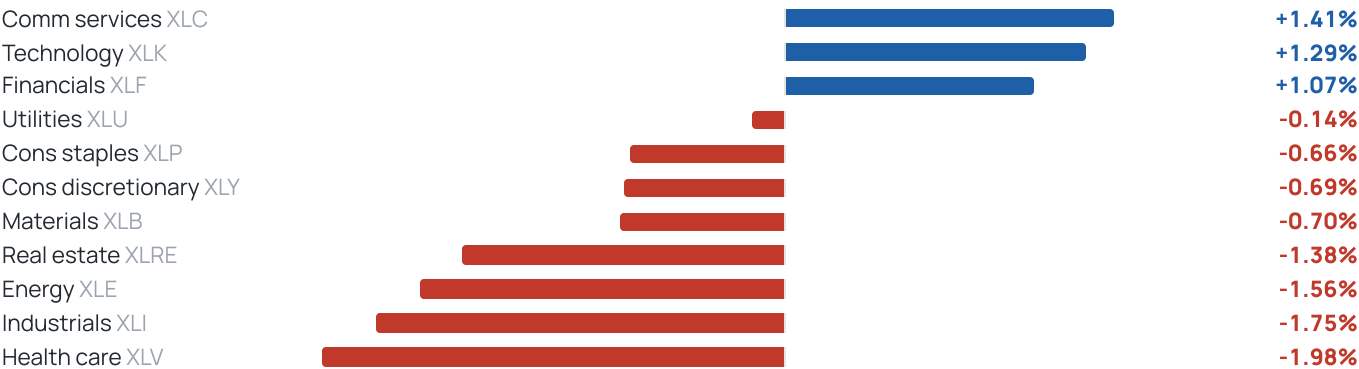

02 The cake

Models is the one layer with no fund that fits, so it is a composite (shares averaged equally, members listed below) **of the 10 watchlist names, MSFT +6.30% best, BBAI -4.81% worst. Widest single names: CRM +22.50%, MRVL -8.63%.**

03 The sectors

Eight of the 11 fell and the index rose anyway, which is **breadth** (how many companies join a move) **narrowing. Biotech XBI -2.00% is the surprise, sitting below every sector. Bitcoin flat at +0.53%, MSTR +6.75% against Coinbase -4.20%.**
